Size Guide

A) Length

Place the end of a measuring tape beside the collar at the top of the shirt (high point shoulder). Pull the tape to the bottom of the shirt.

B) Half Chest

Lay the garment down on a flat surface and measure it from left to right across the chest, below the sleeves.

C) Dye Sublimation

Fabrics react with heat in different ways causing them to shrink or stretch. Measurements can vary and garments may run smaller or longer with a difference of +/- 2.5cm or 1"
